Below is a listing of what we plan to offer in 2020 and more info that will help you better explain what we do. However, it's impossible to really explain what this is all about in a document. The only true way is "Let's join us!"

Badminton is a tennis game played with two rackets and a ball made of goose feather. Badminton is a sport that is easy to play at any age and anywhere. It is also liked with its structure that does not force the athlete. It is also a game that can be played by physically disabled persons, even with a wheelchair.
