

 Lubsko is situated on Lubsza river in Wrocławsko - Glogowska proglacial stream valley in the south-eastern part of Lubusz Voivodship. The commune is inhabited by 20.033 citizens and encompasses 18 village administrators' offices. The area abounds in forests, which account for about 45% of the total area.

The region of Lubsko is located in the west part of Poland. Sits on the Polish-German borderland in the Lubuskie Province. It covers 183 square km of the area. Our attractive location attracts investors from our neighbour border. Polish-German border crossing points are located about 30 km away from the town in: Olszyna, Gubin, Gubinek and Zasieki. Lubsko attracts new investors willing to create new workplaces in various branches of economy with its candour and possibilities.

In the past few years more restaurants, hotels and youth hostels, have been opened in our town and our tourist branch has improved.

Lubsko's first written record dates back to 1283, as the town was mentioned in Henry Dostojny's parchment. Dostojny, Miśnia and Luzyce's margrave referred to it as civium nostrorum de Sommerfeltd.

EDUinspirations 2018

In July 2018, the Foundation for the Development of the Education System in Poland, in the Adult Education category, nominated our last project for the EDUinspirations Erasmus+ Award. We are among the 5 Polish organisations applying for the EDUinspirations 2018 award. The award ceremony will take place in November in Warsaw. The nomination for the award is an expression of appreciation for the excellent design staff: Erik Selecky and Giselle Janeiro, as well as the coordinators from Prague and Ankara who are not present here

Information and integration meetings are a fixed point of our activity

They take place every first Wednesday of the month. Students receive current information about upcoming events. They are informed about further plans. In the integration part there are common songs and dances in the rhythms of well-known hits from the 80s.

Educational activity of the University of
Technology in Lubsko is based on permanent
classes: German, English, computer science
and optional classes, thematic lectures,
meetings with interesting people, as well as
sports activities: shooting, chess, boccia,
bowling, tennis, athletics.
